# CHAIRMAN'S REPORT ON UNAUDITED RESULTS SEPTEMBER 30, 2013

I am pleased to advise that for the nine months ended September 30, 2013, Commonwealth Bank reported total Comprehensive Net Income of \$39.3 million, surpassing last year's adjusted income of \$28.5 million by 35%. Results for the third quarter totaled \$13.2 million compared to 2012's third quarter of \$4.7 million.

Total assets at September 30, 2013 were \$1.44 billion which was slightly above December 2012 total assets of \$1.43 billion. The combined effect of higher profits and lower total assets resulted in improved profitability ratios as evidenced by our Earnings per Share ratio of \$0.36 exceeding 2012's \$0.25 by 45%.

The improvements in profitability were primarily associated with the reduction in loan impairment expenses of \$14.5 million for the nine months to September 2013 compared to the same period in 2012, an improvement of 47%. The reduction resulted from improved delinquency and nonperforming loan ratios for the second consecutive quarter. Commonwealth Bank's nonperforming loan ratio of 4.4% continues to significantly outperform the industry average nonperforming loans of 13.9% at September 2013, as reported by The Central Bank of The Bahamas.

Restated

Restated

The Bank continues to maintain strong capital and liquidity ratios with Capital Adequacy in excess of 24% and liquidity ratio of 35%. These ratios are well in excess of Central Bank's requirements of 17% and 20%, respectively.

While we are cautiously optimistic about the remainder of 2013, the Bank is closely monitoring pending changes in the regulatory and tax environments for 2014.

In this 40th anniversary year for The Bahamas, I wish to thank our shareholders, our customers, and the public at large for their ongoing support, and our complement of hardworking and devoted employees who are instrumental in achieving our outstanding results.
