The COVID-19 pandemic continues to challenge the Bahamian (and global) economy. These challenges are reflected in the Bank's financial results for the nine months ended September 30, 2021, which show a consolidated net loss of \$23.9 million compared to a consolidated net profit of \$25.3 million for the same period in the prior year.

The primary contributor to the results has been the Bank's loan impairment expense of \$74.8 million, which when compared to the same period in 2020, reflects an increase of 92%. While the Bank maintains a well-diversified loan portfolio, our customers in good standing that were granted extensions to participate in our loan payment deferral program have been concentrated in the sectors of the economy most impacted by the pandemic, namely the hotel and leisure sectors. Our active monitoring of the loan portfolio allows us to assess changes in credit risk and respond by applying the appropriate changes in

Our regulatory ratios remain very strong. The Bank is required to hold a minimum liquidity ratio of 20%, (the level of liquid assets against possible liquidity risk); as of September 30, 2021, the Bank's liquidity ratio is 59%. Additionally, regulatory capital adequacy ratios (capital levels to absorb exceptional losses) are set at 17%. At over 26%, the Bank's capital adequacy ratio is also well in excess of this Central Bank requirement.

During the quarter the Bank paid quarterly dividends of 1 cent per share bringing total dividends paid for the year to date to 3 cents per share, totaling \$8.6 million.

We are encouraged by both the number and efficacy of vaccines that are resulting in positive trends in both our domestic economy and our international tourist markets. Against this backdrop, the Bank continues to invest in the lives of our customers and communities. The Bank has invested in Bahamas government securities which facilitated programs that remain the lifeline for so many households and businesses. We remain committed to providing ongoing support for our communities.

I would like to extend my sincere appreciation to our team of professionals that continues to deliver exceptional service to our customers every day. I am truly inspired by their commitment to excellence despite very challenging circumstances. I also extend gratitude to our shareholders and customers for their continued, unwavering support. Together, we will grow stronger through adversity and emerge resilient on the other side of this pandemic.
