#### **Corresponding Figures**

Where necessary, corresponding figures are adjusted to conform with changes in presentation in the current year. Further, corresponding figures presented in the consolidated statement of financial position and related notes are as of 31 December 2021.

### **Capital Management**

The objectives of Fidelity Bank (Bahamas) Limited (the Bank) when managing capital, which comprises total equity on the face of the consolidated statement of financial position, are:

- To comply with the capital requirements set by the Central Bank of The Bahamas (the Central Bank).
- To safeguard the Bank's ability to continue as a going concern so that it can continue to provide returns for its shareholders and benefits for other stakeholders; and
- To maintain a strong capital base to support the development of its business.

Capital adequacy and the use of regulatory capital are monitored by the Bank's management, employing techniques designed to ensure compliance with guidelines established by the Central Bank, including quantitative and qualitative measures. The required information is filed with the Central Bank on a quarterly basis.

The Central Bank, the Bank's principal regulator, requires that the Bank maintains a ratio of total regulatory capital to risk-weighted assets at or above a minimum of 14.00%. For the three (3) months ended 31 March 2022 and the year ended 31 December 2021, the Bank complied with all of the externally imposed capital requirements to which it is subject.
