FAMGUARD CORPORATION LIMITED CHAIRMAN'S REPORT

Unaudited Results for the Nine months ended 30 September 2025

MESSAGE FROM THE CHAIRMAN

Dear Shareholders:

On behalf of the Board of Directors, I am pleased to present the results of the FamGuard Group for the nine months ended September 30, 2025. Despite a challenging economic environment characterized by fluctuating interest rates and financial market volatility, the Group delivered strong financial results for the period, underscoring our operational resilience and disciplined management approach.

For the nine months ended September 30, 2025, the Group reported net profits of \$6.1 million (2024: \$4.8 million) representing \$0.20 (2024: \$0.16) per ordinary share. The result reflects a solid rebound from the second quarter's challenges, which were primarily driven by higher finance expenses resulting from shifts in interest rates on government bonds. The results demonstrate the Group's ability to adapt swiftly to market conditions while maintaining steady revenue and prudent cost management.

The Group reported total insurance revenue of \$93.7 million (2024: \$79.1 million) for the nine months, representing a 18.5% increase over the corresponding prior period supported by steady new business, improved persistency, and positive Contractual Service Margin (CSM) experience. Insurance service expenses incurred during the period totaled \$79.9 million (2024: \$68.3 million). The increase year over year is in direct correlation to the growth in membership in the Group & Individual health division. Despite the increase in benefit volumes, the loss ratio remained stable, indicating prudent underwriting/pricing and effective claims management.

The Group's investment portfolio continued to perform well, supported by prudent asset allocation and proactive risk management. Yields on long-term government securities improved, contributing to higher investment income, while the portfolio also benefited from unrealized gains due to favorable secondary market pricing.

As of September 30, 2025, the Group maintained a strong financial position with total assets of \$403 million and shareholders' equity of \$121.3 million. Investment assets continue to represent a substantial portion of the balance sheet, reflecting the strength and stability of the company's capital base. The Group remains sufficiently capitalized and compliant with the regulatory capital requirements. In recognition of the Group's sustained performance and our ongoing commitment to delivering value to shareholders, the Board approved total dividends of \$1.5 million, or \$0.05 per ordinary share for the shareholders of record as of 19th November 2025.

On behalf of the Board of Directors of FamGuard, I extend sincere appreciation to our management team, support staff, and sales team for their continued hard work and commitment to serving our clients, which has contributed to the success of the Group. I also extend my deep appreciation to our valued customers and shareholders for your continued confidence and support as we remain committed to delivering long-term value and financial security to all our stakeholders.

Sincerely,

Raymond Winder Chairman of the Board FamGuard Corporation
